

Pinellas County Oral Health Coalition Task Groups

General Coalition – Chair, Karen Pesce

The mission of the Pinellas County Oral Health Coalition is to give a voice to the oral health community through awareness and education.

Access to Care – Chair, Amy Anderson

Charged with developing action plans for increasing access to care for uninsured/underinsured children and adults, while impacting health through policy changes and improved advocacy for oral health issues.

Prevention – Chair, Open

Charged with developing action plans to improve/increase prevention programs for children in the county that focus on:

- Water fluoridation
- Dental sealant programs
- Fluoride Vanish Programs
- Dental Screening Events

Education and Messaging – Chair, Felecia Brantley

Charged with developing actions plans to support social marketing campaigns/oral health messaging that covers the following areas:

- Oral Health Education
- Update and management of content on Oral Health website(s)
- Creation of resources to support the collaborative goals and action steps

Executive Task Group – Chair, Karen Pesce

- The entire Coalition is charged with developing action plans for sustaining the goals of the Oral Health Collaborative through sponsorships and grants.
